

REMARKS

Pursuant to the Examiner's indication on March 21, 2006 in a telephone conversation that amendments to the drawings and specification will place the instant case in condition for allowance, Applicants submit this supplemental amendment. In particular, FIGS. 1A and 1B, added in the amendment filed January 13, 2006, have been replaced by FIG. 1 as originally filed. The specification is amended herein to reflect this change. Applicants submit that no new matter or issues have been introduced by this amendment. The amendments herein do not reflect Applicants agreement with the Examiner's position, but instead are submitted in the interest of compact prosecution and to enhance patent term.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 480062003900. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Dated: March 27, 2006
